Hello Friend,

Trust you are healthy, safe and your CSE prelims preparation is going well. As you are aware there is **8 months** left for prelims preparation in which last 3 months we need to focus only on revision. That gives us **5 months** to make sure we cover all our syllabus (static) portion as well as simultaneously cover the current affairs.

In LAQSHYA 2024 program we are simultaneously covering static portion as well as current affairs in a scientific manner with weekly milestones. This way students our LAQSHYA 2024 students are crystal clear with their goals & objectives for each week and are focused to achieve them week after week.

"Success is the sum of small efforts, repeated day in and day out" - Rober Collier

I am happy to say that as per LAQSHYA 2024 plan we are covering all the tests as per the LAQSHYA 2024 schedule. Moreover, we are also taking CSAT classes every week as I don't want any of my LAQSHYA 2024 students to miss prelims because of CSAT.

We have taken a total of 18 tests so far out of total 65 tests. On 17th Sept we will be conducting our 19th tests on ECONOMY ADVANCE 2.

From Next week we are starting our History Timetable.
